IS OUR TRADITION

At Washington Hospital we work together to achieve our personal best. From our progressive patient care programs, like "Please Ask," to our participation in national and regional quality initiatives, we've created a unique environment where achieving your individual goals is always a team effort. Our 359-bed, not-for-profit, acute care district hospital situated beneath the beautiful foothills of Fremont, California, is seeking a full-time Diabetes Educator.

## DIABETES EDUCATOR

In this role, you will provide primary diabetes education to inpatients and their families, as well as RN staff, and support physicians in the delivery of patient care as it relates to diabetes. To qualify, you must have a CA RN license and strong teaching and written/verbal communication skills. Current Certified Diabetes Educator credential and at least 3 years of experience as an inpatient educator are preferred

To apply for requisition 10.00017, please complete an on-line employment application at [www.whhs.com](http://www.whhs.com). When applying, please mention that you were referred by this ad.

For inquiries, contact **Tracy Viereck, Recruiter, Washington Hospital, 2000 Mowry Ave., Fremont, CA 94538-1716, (510) 818-6238**. Principals only, please. EOE
