AMERICAN ASSOCIATION OF DIABETES EDUCATORS

Our Goal . . .

To ensure quality in the delivery of diabetes education and care

National membership totals more than 17,000 health care professionals and corporate sponsors.

Members who are health care professionals provide patient education to persons with diabetes and include registered nurses, registered dietitians, physicians, dentists, pharmacists, exercise physiologists and social workers many of whom are certified diabetes educators CDEs. Kern County Association of Diabetes Educators, KCADE, is one of the chapters of AADE.

Join our local chapter, KCADE, for advocacy, networking and reduced fees on future education opportunities. Please submit your dues and dues form with your program registration to obtain member program discount.
